## GALVANIZED STAIRS

### *Commercial Products*

#### *Easy Step Roof Stairs*

Mounts securely to roof ribs with 2-point connection for easier installation. Features 9"x24" Easy Step with lower rise and no gaps between steps and 9" run.

#### *Easy Step Roof Ladder Handrail*

Installation does not require drilling any additional holes.

#### *Three Peak Options*

Easy Step 11' Safety Walkaround, Easy Step 12' Safety Walkaround, and Easy Step 11' Peak Handrail

#### *Mid Roof Deck*

Variable diameter platform with guardrail designed for service and inspection of power exhausters.

#### *Mid Roof Handrail*

Variable diameter guardrail that can be located anywhere from 24" above the eave to the peak. (Not pictured)

### *Sidewall Deck*

Eave perimeter platform that mounts to external factory stiffeners for J-vent inspection and sealing during fumigation.

### *Eave Transition Platform*

Provides a safe transition from Roof Stairs to Eave Platform. The lower platform allows for manhole inspection and transition to sidewall ladder. Recommended for use with Sidewall Deck.

### *Easy Step Platform Filler*

ES3850 Platform Filler and ES3748 Twin Platform Filler (not pictured) provide transitions between platforms.

### *Foundation Deck*

120" x 42" platform mounts to foundation for bin door access, particularly above tunnels.

*Dedicated to producing quality products to improve the safety, accessibility, and efficiency of grain bins and grain handling systems for over 30 years*
